

Crabby Crab

I'm in a very bad mood I'm feeling like a crab

A crabby crab

I'm in a terrible mood

I don't know what to do.

I'm such a crab, a crabby crab

So I'll put one hand back

One leg back

Do it again now you're walking like a crabby crab

One hand back

One leg back

Do it again now you're walking like the crabby crab's do

In my crabby crab mood

I have to walk it through and breathe

I know that I'll feel better soon pretending I'm a crab

in the ocean blue

So I'll put one hand back

One leg back

Do it again now you're walking like a crabby crab

(x4)

One hand back

One leg back

Do it again now you're walking like the crabby crabs do
